Subject: February 22, 1999 Meeting

Due to the cancellation of our scheduled meetings this month, and the continued need to resolve some outstanding issues regarding the Conservation Strategy, I have scheduled a meeting on February 22, 1999 from 3:00 p.m. to 5:00 p.m. in room 1147-C1 in the Resources Building. A conference line will be available for those who are unable to personally attend. The call in number will be sent electronically later this week.

Outstanding issues such as the geographic scope of the Strategy (i.e. service area and upper watersheds) must be resolved this month in order for the Conservation Strategy team to meet the CALFED schedule for releasing the Draft Programmatic EIS/EIR.
